A Chapter in the Odyssey

As Seniors We Realize That We Have Completed Only One Chapter in Our Lives. There Are Many More To Come, Filled with Hopes and Fears, Disappointments and Accomplishments. By Completing This Chapter at Palmer We Have Obtained the Courage and Strength To Face an Ever Changing World. We Face the Future with the Determination To Beat the Unbeatable Foe To Right the Unrightable Wrong and To Make Our Dreams Come True.

Letter from the Editor

Palmer Memorial Institute
Sedalia North Carolina
Campus 68-69

Being a part of the Palmer Community is an experience that shall never be forgotten. The experience here, has given us the ability to see life as it really is and people for what they really are; these are the first steps in preparing for the future. Among other things Palmer has prepared us to be culturally secure, religiously sincere and academically superior to all those who never had the extraordinary opportunity of being a Palmerite.

With all the treasurable memories found in the Palmer Community, it would be totally impossible to include all of them into the Palmerite. However, with the help of the yearbook staff and our two advisors, Mr. Harold W. Stamps and Mrs. O. J. McDowell, we were able to assemble the most stimulating events of the year 1968-1969.

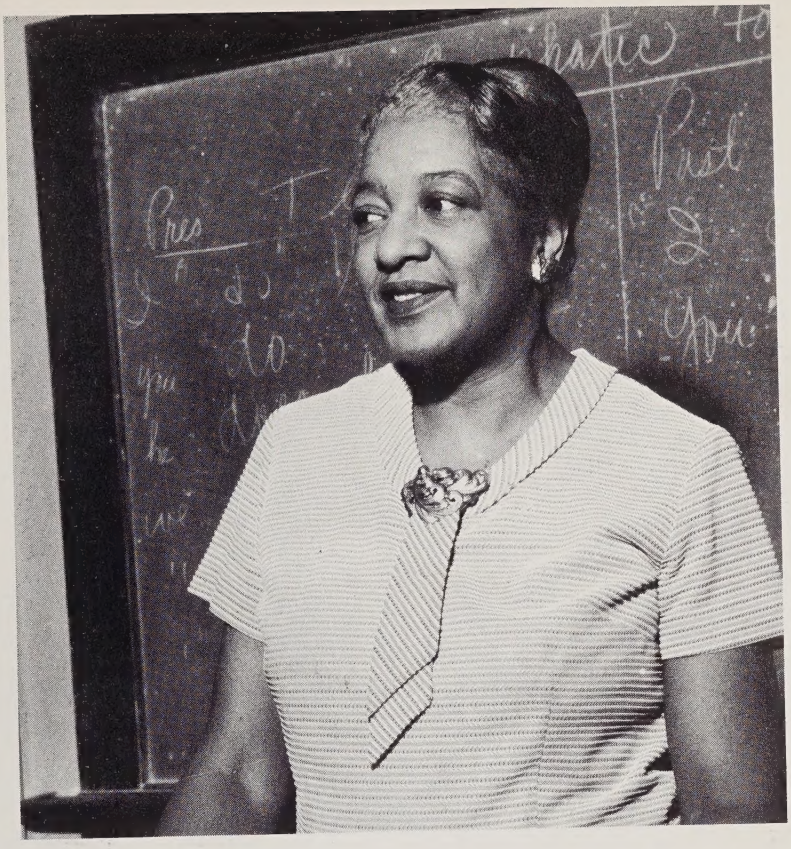

There is a time in everyone's life when a challenge is faced. A challenge may end in defeat but, knowing that you've tried really helps heal the wound. As you turn through these pages of the 1969 Palmerite, we hope you will recognize the incidents that led to this challenge. These pages record the memories of the high school years in pictures which will keep alive memories that would otherwise become dimmed by passing years.

Sincerely yours,

Carolyn A. Maddox

Dedication

To a devoted instructor who has assisted the class of "69" in accomplishing a millennium during our presence here at Palmer! to a very influential and inspiring leader who brightens any environment! to one who has been more than a teacher, we address ourselves.

You have been the guiding light throughout our trials and tribulations.

To you, Mrs. Tobin, with your sense of pride, we, the class of 1969 dedicate the Palmerite.

Letter from the President

Office of the President

PALMER MEMORIAL INSTITUTE
Sedalia, North Carolina 27342

March 10, 1969

Dear Seniors:

This is your time of unparalleled challenge, the challenge of determining whether the myriad images which surround you are false or true. In making your life's choices, you must distinguish between the real and an image of reality. Should the amount of material worth one has--rather than the degree of happiness one brings to his fellowman--be your legacy to the future? Avarice, cruelty and pain perpetuated by man against man continues as man's plague. This is not an image but a brutal reality.

The World Class of 1939 misread grievously the image of the world about them. Moreover, the images of the world of 1969 are confusing and the reality tragic. My genuine prayer for 1969 is that you are able to see through false images and choose the reality that is most meaningful to your lives and to the lives of your brothers and sisters among the human family. If this can come to pass, the World Class of 1999 will be spared the anguish and turmoil we have experienced in 1969.

Yours in hope,

Harold E. Bragg

Poem

Final Curtain
By Betty Robinson

"All the world's a stage," said Shakespeare;
A point we know so true.
Four years we've acted out our parts
Answering ev'ry cue.

We made our gestures, said our speech
And we have let no one
Detain us, but on we have played
The roles that we've begun.

In the ninth year we were so young
With a long way to go;
We were given a rough time by all
Because we didn't know.

Then came the swing tenth grade
We thought we knew it all
The campus was our own setting
And life a whirling ball.

We moved on to the next big step
Prelude to our last act
That now was time to settle down
Came as a sob'ring fact.

And so our play comes to a close
Parting scenes start a tear,
Our hearts become heavy with thoughts
Of leaving Palmer dear.

Terrell wills to Tommy his way to get along with women.

Dear Pat,

I regret that I haven't written you but, you see I've been traveling.

While traveling I came across many of the people in our graduating class. I was in New York and I saw Teri Brown; she is working for the United Nations as a Language Interpreter. She told me that she had heard from Brenda Van Travis and she is a nurse in the Pediatric ward of Pennsylvania University along with Pheobe Odum who is a doctor.

Naturally when she mentioned nursing in the Pediatric ward I told her that I had seen Betty Robinson, Linda Wyche, and Marsha Gracia who are all nurses in hospitals around the country. Also Benson Bowles is a doctor, Anthony Cary is a Psychiatrist, and Myra Dubar is a Psychologist.

I was in D.C. last week; you know Carolyn has gone back to school to get her doctorate in Physics and my company wanted me to offer her a job. While I was there I stopped at the medical center and I saw Joann Gumbs. She was working as the social Psychologist there. I also saw Sarah Goodwin and Marla Potts; they are Speech Therapists.

You know Sharon and Larry are getting a divorce and Brian Coleman is Sharon's Attorney. I'm not sure who Larry's Lawyer is I think it's Adrian Barrow. When I mention lawyers it made me think; I saw Charles Harriott. He is also a lawyer. Thomas Beachem teaches law for Howard University. Frank Gillespie, Terrell Williams and James Moore have a law firm in San Francisco.

Pat, I went on vacation last month. You know being a Research Technician isn't easy, I went to Rome and I saw Howard Sharpe on the Riveria. His millions sure have done him justice. He always said he wanted to be a man with a lot of money. While I was in Rome I had my house remodeled, I got Paule Harris to do it for me. She is an excellent Interior Decorator.

When I left Rome I stopped off in Paris for the fall fashion preview. Rosalind Mosely had the best clothes in the line. I was able to stop at an art show and Celestine Camp was there with an exhibit of her paintings.

The other day a strange thing happened. My secretary, Claudine McLaughlin was looking up a scientist and came across George Smith's name; he is a Biologist. We started to reminisce and she told me that Harold Price is a computer technician. She also said that George McTootle is an architectural engineer.

I haven't heard too much about anyone else. I know that Cynthia Moulden, Jenice Golson, Jackie Williams and Loretta Parks are all Social Workers in various parts of the country.

The class also produced five teachers. Wanda Still and Deborah Chapman are in Elementary Education. Valerie Duncan is a Physical Education teacher. Andrea Jackson is a Music teacher. Oh! In your field of Science Lorice Washington is teaching psychology so there will be more Social Psychologists to ease your load.

Well so long Patricia.

Love always,

Linda

To the students:

We the senior class feel there is a time when all good things must end. As we leave you in the year of "69" we take with us all the pleasant memories that you've helped to inspire; and we hope that we leave a few with you.

As you continue to pursue an education at Palmer we hope that you can view the message that Palmer portrays for you. There's a lot to learn about life in this institution; it is not something that you can see with the naked eye, but a message which can only be conceived through great thought.

We hopefully leave our inspirations, wishing you find your future stay most enjoyable as well as rewarding.

Message of Appreciation

Palmer Memorial Institute
Sedalia North Carolina
Campus 68-69

When the graduating class of 1969 undertook the responsibility of producing this yearbook, we took it with the intentions of any graduating class. It would be highly unfair to recognize any one person for his time and co-operation in producing this book. For the most part, my staff, fellow classmates and fellow Palmerites have all worked diligently on this yearbook. However, I couldn't write this letter without commending our yearbook advisors, Mrs. O. J. McDowell and Mr. H. W. Stamps; without them this yearbook would have been entirely impossible.

The Senior class of 1969 could not take the next step up the ladder of success without taking their time to show appreciation to those of you who have made it possible for us to mature under the principles of Palmer Memorial Institute. We thank the faculty, staff and dormitory directors who have helped us and guided us religiously, socially and academically.

And certainly we thank Mr. Bragg, our president, for having made this and so many more things possible.

We realize and we are proud of our heritage and even more proud that we have made accomplishments in the history of this institution.

This, then is the last chapter in the odyssey for the class of 1969 most definitely doing their thing and taking care of business.

Sincerely yours,

Jenice Golson
